

POWER TABLE KENO

The air is filled with electricity as balls shoot across the screen. This game has all the excitement of regular Keno but puts a jolt in your winnings when the surge of the Power Ball blasts you over to the power pay table.

Main Game Features:
Numbers game.
Consists of two pay tables: **Standard** and **Power** pay table.

Player selects from 2 to 10 numbers from the 80 available on the Keno table.

The system randomly draws twenty numbers from the eighty available. Matched numbers are marked with a check mark, non matched numbers are marked with an X.

Win amounts are awarded based on the total bet and the quantity of numbers matched. Should the last ball drawn match one of the selected numbers the player can qualify for a **Power Table** win event.
